

## **Purified anti-porcine IgG3 antibody**

**Catalogue number:** NEAH-5084

**Size:** 100µg, lyophilised.

**Clone:** 7F10.E2

**Historical Information:** Product of a collaboration of Moredun Research Institute (UK), Green Mountain Antibodies (USA), and Pirbright Institute (UK).

**Description:** For use in the measurement of porcine IgG1 antigen. For *in vitro* research purposes only

### **Product details**

**Reactivity:** Porcine

**Antibody isotype:** Monoclonal, IgG3 (H+L)

**Host species:** Mouse

**Formulation:** sterile PBS, pH7.5

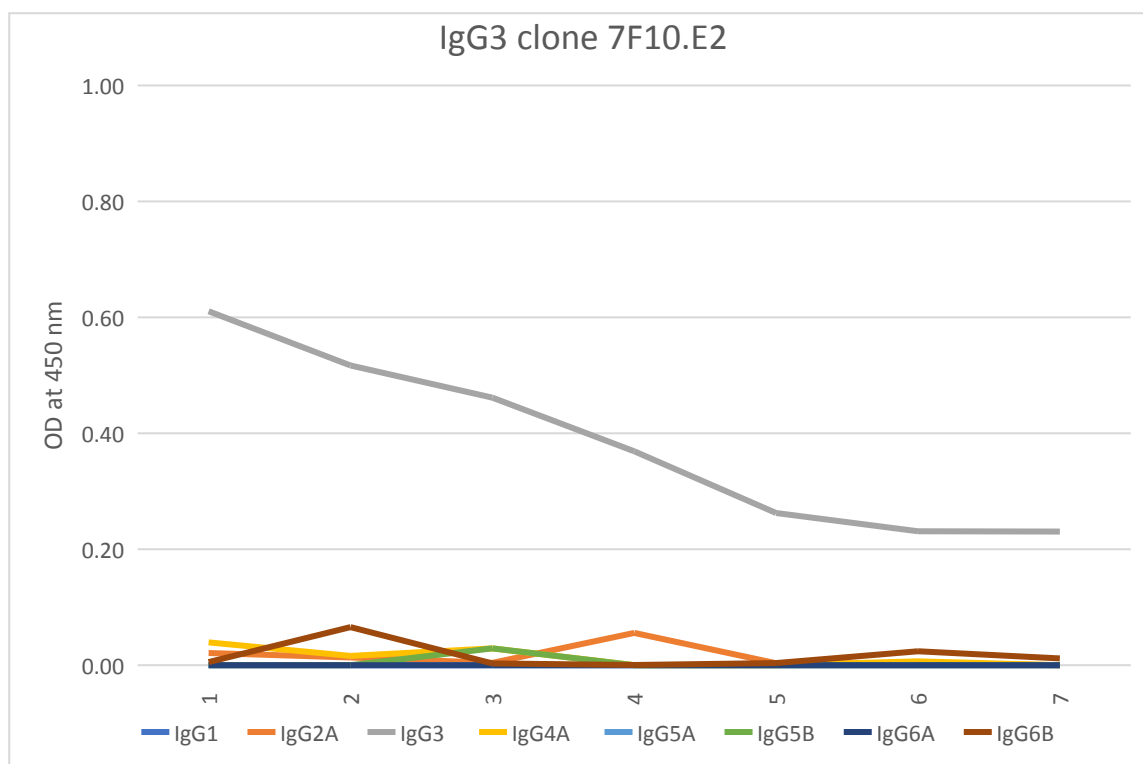

**Manufacturer:** New England Animal Health ([neah.org](http://neah.org))

**Lot number:**

**Storage & Handling:** Resuspend in 0.1 ml of sterile water. The antibody solution should be stored at +4°C. Long-term storage at -20 °C in 50% glycerol is recommended to avoid repeated freeze-thaw cycles.

**Application(s):** ELISA

**Quality Assurance:** The specificity of the unconjugated primary antibody was assessed by indirect ELISA. The antibody reacts to a recombinant whole molecule, porcine IgG3. No reactivity was detected against other recombinant porcine (IgG1, 2A, 4A, 5A, 5B, 6A and 6B) isotypes.

**Recommended Usage:** For ELISA, suggested use between 1:250– 1:40,000 dilution. It is recommended that a specific titration is performed for each application.

**References:** Hill *et al* (in preparation)

**Payment Policy:** All NEAH Product Orders must be by Major Credit Card (VISA, Discover, Mastercard, or American Express)

**Shipping Policy:** All NEAH Products Only Ship to the USA and Canada. For NEAH Product orders to other North American countries or South America, please contact NEAH staff for shipment options. For all NEAH Product orders outside of the Western Hemisphere, please contact Pentland Immunologics staff ([info@pentlandsimmunologics.org](mailto:info@pentlandsimmunologics.org)) for shipment options.
